

AcuCam and Insight Users!

NEW Adjustable Focus Lens

Still retains it's same high quality pictures, and also adds the ability to view a smile or focus all the way down for close up.

AcuCam

Insight

New optics offer Twice the resolution and depth-of-field than your current optics. The focus button can be set for normal viewing or for an extreme close-up.

Get a free Handpiece Tune-Up with every lens upgrade. **Rated #1 for camera & printer repairs.**
